| No | ID | Name | Surname | Department |
|----|----------|----------|-------------|--------------|
| 1 | 22110899 | Yousef | Sarama | software eng |
| 2 | 22112624 | Abdullah | al salkhadi | software eng |

Summary of work to be carried out by (the team member 1)

In this project, I designed two pages: the home page and the online purchase page, and as you can see, I used a lot of gifs and minor animations to make the pages look smoother and fit the colors.
The standards sheet requires that they be kept in an external file.

Summary of work to be carried out by (team member 2)

I wrote all the codes for the HTML and CSS languages on the pages for contact and items.
I uploaded the pictures of the products and modified the codes and background colors to match the colors of my groupmmate Youssef pages.
